NOTICE TO EU CARRIERS

SUBJECT: Allocation of traffic rights on temporary basis – Point 11.4 of ENAC Circular EAL-14B dated 19.12.14

According to ENAC Circular EAL-14B dated 19.12.14 (hereinafter referred to as *Circular*), in force since March 1st 2015, ENAC will launch, within the first half of next April, an administrative procedure for the allocation of traffic rights for air services to be started in Winter 2015-6 and Summer 2016.

With regard to that, in line with point 11.4 of the *Circular*, EU carriers are hereby informed that the allocation procedures set out in ENAC note n. 42010 dated 18/4/14 will remain in force up to 26/3/15, so to allow the calculation of the exact number of traffic rights remaining available for allocation.

After this date, traffic rights concerning services to be started within the end of Summer 2015, if still available, will be assigned on temporary basis if considered scarce with regard to the interests of air market sector.

Once the evaluation procedures will be completed, provisional allocations will be confirmed on a stable basis only for routes that will not be subject to tenders procedures for the Winter 15/16 and Summer 16 seasons .
